Dear Hok Entertainment

Thank you for this opportunity to submit my proposal. Please find enclosed all the information relative to my skills and experience, as well as a plan for project implementation, cost, and time estimates.

In reviewing your project, I was excited to learn that you are seeking an individual to help you with illustrations for a children's book. I have been drawing and illustrating for many years in both 2D and 3D. I am very comfortable working in any style or media. Most of the work I complete is aimed at a younger audience, so I feel my style would be complementary with your target audience. I am very excited to have this opportunity to connect with children through a published expression.

If selected for your project, I would like to begin with a meeting (via MSN or Phone) to discuss the book with both you . From that meeting I would like to map out a strategy best suited for this project and work out any further fine details.

Given your desire to create a children's book suitable for publication, I submit a proposed cost estimate of \$1000.00. This includes coverage for the entire book, cover to cover, and a time frame of completion per your specification's.

Please feel free to contact me by telephone at (705) 738-6050 or by email at jasonmcarthur@gmail.com

I look forward to speaking with you about this exciting project.

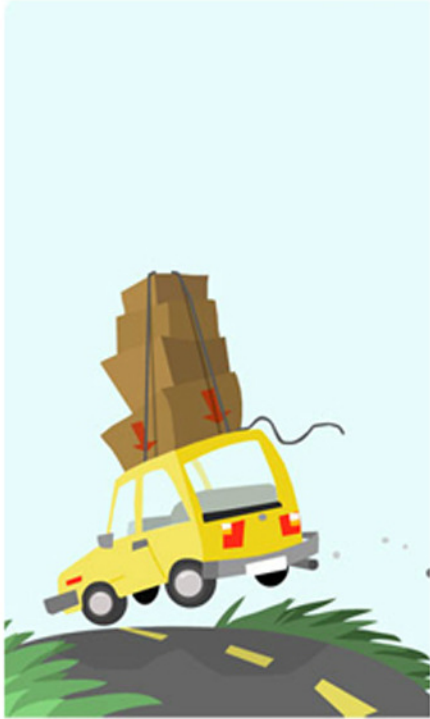

Sincerely,

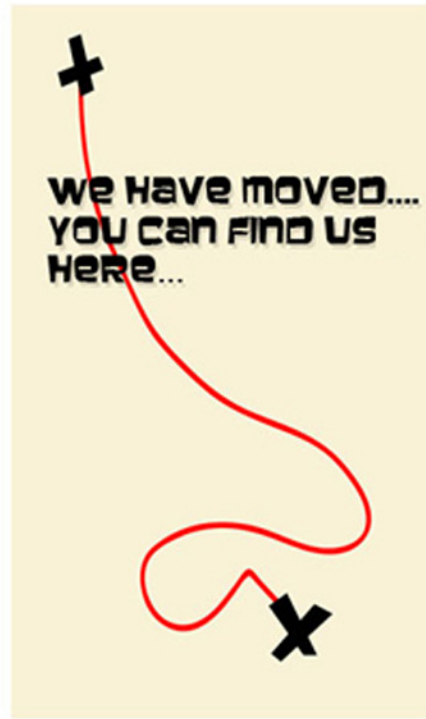

Jason McArthur
